

Abhijith Nair

Professional Summary

A Senior Motion Artist and Designer who blends design, visual structure, and creative tech. Since 2020, I've worked across graphic design, animation, and 3D content.

Currently at Rhythmed Media, I lead projects as a Senior Designer, shaping everything from packaging to cinematic product reels.

I've grown from a quiet learner into a confident visual problem-solver — always curious, always experimenting.

Brief interpretation, stakeholder presentations, feedback cycles;
Coordinated with strategy, copy, and performance marketing teams;
Delivered 100+ campaigns with on-time delivery

Professional Experience

Senior Graphic & Motion Designer Rhythmed Media 2023–Present

Key creative lead trusted with high-priority projects and brand-defining visuals.

I spearhead campaigns that blend motion design, 3D animation, and immersive media — consistently delivering premium output at speed and scale. My core work includes cinematic CGI product reels, AR-enhanced content, and digital brand films for the wellness, construction, and entertainment sectors.

Notable clients include IPL's Lucknow Super Giants, Painterior, Mcon Rasayan, and YKBI.

Beyond production, I mentor junior designers and help shape the studio's creative benchmarks — playing a central role in both execution and direction.

Graphic Designer Rhythmed Media 2022 – 2023

Supported major brand and social media campaigns while building core design experience.

Worked across FMCG, fashion, wellness, and corporate sectors — developing packaging, digital creatives, and print collateral for clients including Victorinox, PFI (Pilates Festival India), and Bademiya.

Gained a strong foundation in communication design, attention to detail, and design thinking under tight deadlines.

Freelancer 2022 – Present

This early experience sharpened my aesthetic instincts and creative problem-solving — helping me land my first major role with Rhythmed Media right after graduation.

I've worked with brands like Tata and Greed.Ball (an IPL initiative) through collaborations with agencies such as TheSocialPill. I continue to take on select freelance projects, with many clients returning or referring me by word of mouth.

Certifications

Bachelor in Mass Media

HR College, Churchgate, Mumbai

Built my creative foundation in communication and media strategy

Diploma in 3D Animation, Motion and Graphic Design

Arena Animation, Dadar, Mumbai
